

Return to Archery (Indoors) v1.4 – 16th September 2021

General Guidelines

Ely Archers MUST NOT come to the range/club if they show symptoms of any illness but in particular of Covid-19.

These are highlighted on NHS Direct - <https://www.nhs.uk/conditions/coronavirus-covid-19/>

If you have any of the main symptoms of COVID-19, even if they're mild:

- Get a PCR test (test that is sent to a lab) to check if you have COVID-19 as soon as possible.
- You and anyone you live with should stay at home and not have visitors until you get your test result – only leave your home to have a test.

If you are symptomatic, living in a household with a possible COVID-19 infection or if you are classified as extremely vulnerable on health grounds, the guidance is that you should stay at home.

Archers must notify the club should they develop symptoms after attending the archery range.

Face Masks

To discourage transmission of the virus, Archery GB recommends members wear face coverings when not actively shooting.
